

Laka Glacier Trek

Dharamkot - Triund - Snowline - Laka Got - Triund - Dharamkot

TreksGroup Trek

Tour Basics •

Duration: 3 Days 2 Nights

Route: Dharamkot - Triund - Snowline - Laka Got - Triund - Dharamkot

About This Trip •

The Laka Glacier Trek is one of the most scenic and accessible high-altitude treks in the Indian Himalayas, offering a perfect blend of natural beauty, alpine landscapes, and cultural encounters. Nestled in the Dhauladhar range of Himachal Pradesh, this trek is a popular extension of the famous Triund Trek, taking adventurers beyond the well-trodden paths to the majestic Laka Glacier.

Overview

- Starting Point: Dharamkot (near McLeod Ganj, Himachal Pradesh)
- Altitude: Up to 3,500 metres (11,500 feet)
- Duration: 3 to 4 days
- Trek Distance: ~30–35 kilometres round trip
- Difficulty Level: Moderate
- Best Time to Visit: March to June and September to November

Why Trek to Laka Glacier?

- **Stunning Mountain Views:** Uninterrupted vistas of snow-capped peaks and dramatic ridgelines.
- **Accessible High-Altitude Trek:** Ideal for beginners looking to experience Himalayan trekking without extreme altitude.
- **Wildlife & Nature:** Spot Himalayan langurs, wild goats, and colourful bird species along the route.
- **Camping Experience:** Spend nights under star-strewn skies in high-altitude meadows.
- **Cultural Touchpoints:** A Blend of Tibetan and Himachali cultures in the nearby villages.

Weather & Temperature

- **Spring/Summer (Mar–June):** 10–18°C during the day, 0–5°C at night
- **Autumn (Sept–Nov):** 5–15°C during the day, -2–5°C at night
- **Monsoon (July–Aug):** Not recommended due to landslide risks
- **Winter (Dec–Feb):** Heavy snow, glacier access restricted

Trek Essentials

- Good trekking shoes
- Warm layered clothing
- Rain protection
- Flashlight or headlamp

- Water bottle & snacks
- Basic first-aid kit
- Sunscreen & sunglasses

Tips for Trekkers

- Acclimatise: Spend a day in McLeod Ganj or Dharamkot before starting.
- Hydrate well: Stay hydrated, especially as you gain altitude.
- Go with a guide: While the trail is marked, a local guide adds safety and insight.
- Leave no trace: Carry back all waste and respect the mountain environment.

Itinerary •

Day 1: Dharamkot to Snowline | Dist: 9km | Time: 07 to 08hr | Altitude: 1898m to 3350m

- The trek begins in Dharamkot, a small and quiet village tucked in Dharamshala.
- Setting out early in the morning, trekkers face a demanding 9-kilometre climb to reach Snow Line, a journey that usually takes 7 to 8 hours.
- Snow Line, a scenic meadow situated at 3,350 metres above sea level, rewards the effort with sweeping mountain views.
- Most trekkers choose to camp here overnight, enjoying the spectacular sunset that paints the surrounding peaks in warm hues.

Meals: Dinner

Night: Camping at the Snow line

Day 2: Snowline to Laka Got | Dist: 6km | Time: 04 to 06 hr | Altitude: 3350m to 3500m

- On the second day, the trek continues with a 6-kilometre climb from Snowline to Laka Got.
- The trail goes through vibrant meadows and dense forests, unveiling expansive views of towering mountain ranges.
- Trekkers might encounter native wildlife along the way, including Himalayan langurs, wild goats, and elusive musk deer.
- Located at an elevation of 3,500 metres, Laka Got is a rugged yet picturesque campsite that draws adventurers with its untamed alpine beauty.
- Here, the surrounding peaks create a dramatic backdrop, and the night sky offers a stunning display of stars that will not soon be forgotten.

Meal: Breakfast, Lunch and Dinner

Night: Camping at the Laka Kot

Day 3: Snowline to Dharamkot | Dist: 12km | Time: 07 to 08 hr | Altitude: 3350m to 1898m

- The fourth and final day of the trek features a moderate 12-kilometre descent from Laka Got back to Dharamkot.
- Trekkers can halt at Triund Top for refreshment.
- The return journey typically takes 7 to 8 hours, allowing most to wrap up their adventure by early afternoon.
- Overall, the trek requires a moderate level of fitness and is ideal for both novice and experienced trekkers, offering a balanced mix of natural beauty, cultural depth, and mountain exploration.

Meal: Breakfast

Night: Nil

FAQs •

Q: Where is the Laka Glacier Trek located?

A:

The Laka Glacier Trek is situated in the Dhauladhar range of Himachal Pradesh, India. It typically

begins from Dharamkot, near McLeod Ganj in the Kangra district.

Q: How long is the trek, and what is the itinerary?

A:

The trek is usually 4 days and 3 nights, covering key spots like Triund, Snow Line, Laka Got, and back to Dharamkot. Total trekking distance is around 30–35 kilometres.

Q: What is the best time to do the Laka Glacier Trek?

A:

The ideal trekking season is from March to June and September to November. Snow is usually present near the glacier until late spring, offering stunning views.

Q: Is the trek suitable for beginners?

A:

Yes, the Laka Glacier Trek is considered moderate in difficulty and is suitable for beginners with a reasonable level of fitness.

Q: What is the maximum altitude reached?

A:

The highest point on the trek is Laka Got, located at an altitude of around 3,500 metres (11,500 feet).

Q: Do I need a guide, or can I trek independently?

A:

While it's possible to trek independently, hiring a local guide or joining a trekking group is recommended for safety, especially near the glacier.

Q: What kind of accommodation is available during the trek?

A:

Trekkers typically camp overnight at Triund, Snow Line, or Laka Got. Tents and sleeping bags are usually provided by trekking operators.

Q: Are there mobile signals or internet connectivity?

A:

Mobile network is generally available till Triund, but beyond that, signals are unreliable or non-existent.

Q: Is acclimatisation necessary?

A:

Acclimatisation is usually not a major concern, but it's advisable to spend a day in McLeod Ganj or Dharamkot before starting to adjust to the altitude

Q: What is the total distance of the Laka Glacier Trek?

A:

The total distance of the Laka Glacier Trek is approximately 30–35 kilometres, depending on the specific route. The trek usually spans over 4 days.

Q: What is the best time to do the Laka Glacier Trek?

A:

The ideal time is between March and June (spring/summer) and September and November (autumn).

Avoid the monsoon months (July–August) due to slippery trails and landslide risks.

Q: What is the height of the Laka Glacier?

A:

Laka Glacier is located at an altitude of around 3,500 metres (11,500 feet) above sea level.

Q: How difficult is the Laka Glacier Trek?

A:

The trek is rated as moderate. It involves uphill and downhill sections, but is manageable for

beginners with good fitness. No technical climbing is involved.

Q: What is the distance from Triund to Laka Glacier?

A:

The distance from Triund to Laka Glacier (via Snowline and Laka Got) is approximately 6 kilometres (one way).
