## The Trek Experience

The trek usually begins from Kareri Village, a quaint Himachali hamlet located about 2–3 hours from Dharamshala or McLeodganj. After an initial ascent through pine, oak, and rhododendron forests, trekkers reach Kareri Lake, a glacial lake at around 3,000 meters. The lake, known for its crystal-clear waters and peaceful surroundings, serves as a natural acclimatisation stop and campsite.

From Kareri Lake, the trail becomes steeper and more rugged as you approach Kareri Base Camp and eventually Minkiani Pass. This stretch offers breathtaking views of surrounding snow-capped peaks, alpine meadows, glacial ridges, and dramatic cliffs. The final ascent to the pass is challenging, often snow-covered depending on the season, but it rewards trekkers with unmatched panoramic views of both Kangra Valley and the Chamba region on the other side.
